OUR EXPERTISE

PSA specializes in placing highly skilled professionals at organizations that are looking for a customized staffing solution and is designed to augment an organization's workforce during expected and unexpected staff shortages. Our employees' background and work history allow them to "hit the ground running" and begin contributing immediately.

We search locally, regionally and nationally for contractors, contract to hires as well as direct hires in the following environments:

- Information Technology
- Accounting / Finance
- Business Professionals
- Administration / Clerical
- Engineering

PSA implements an in-house set of recruiting strategies that are unique to identify the most talented candidates for our client's immediate and future needs.

Strategically, we:

- Partner with our clients and research their evolving demands
- Diligently implement our unique recruiting strategies
- Constantly update and monitor our customized databases
- Follow through with our clients from start to finish with our own quality assurance processes

THE SCREENING PROCESS

PSA requires that all candidates undergo a thorough multi-staged screening process. This reassures our clients a quality hire the first time around by:

- In person comprehensive interviews to identify competence, strengths, talents, and potential
- Reference checks (employment and education verification)
- Criminal background screening
- Drug screening
- Skill assessment
